

AGING and the HUMANITIES

an interdisciplinary
forum

March 30, 1979

April 27, 1979

May 25, 1979

**A Multi-Institutional
Program**

Purpose of the Forum

The first annual Aging and Humanities Forum has as its purpose the collaboration of all disciplines in a culmination of human knowledge concerning gerontology and geriatrics. It is our belief that as we move into the last quarter of the twentieth century, the wisdom of the humanities and the power of the sciences can be harnessed for the betterment of all humankind.
